16v lithium battery

turning the Lithium market on its head with our \$995 Retail price...Our battery exceeds all performance figures from the competitors batteries which have retail pricing from \$1600.00 to \$2200.00 !The anvil reliable GO Lithium Prismatic Lithium Cells have been in service and ...

In fact, a 16-volt battery will still produce 14 volt when totally discharged; whereas, a 12-volt battery only produces 10.5 volts in the same situation. Even though 16-volt batteries have been around for quite some time now, questions still remain. Do I really need 16 volts for my application? Can a 16-volt battery damage sensitive components?
