Are baby carriers safe?

Baby carriers continue to evolve in their designs to meet the needs of modern parents looking for safe, hands-free alternatives for carrying little ones for comfort, convenience, and bonding. Our testing considered baby comfort, parent comfort, ease of use, ease of cleaning, and more.

Do all baby carriers work?

Each has pros and cons; not all carriers work for all babies or all parents. A wrap is a super long piece of stretchy fabric you tie around your body, usually over your shoulders and around your midsection, to create a carrier for your baby. Wraps mimic the feel of the womb and are especially loved by newborns.

Should you buy a baby carrier?

A baby carrier is one of the most-registered-for items on Babylist parents' registries. Wearing your little one is a great way to soothe your baby and frees up your hands (and not to mention saves your back) when you need to get other things done. But, Babywearing can be... complicated. There are tons of different carrier styles on the market.

Why do you need a baby carrier?

A baby carrier allows you to keep your baby close to you in a safe, secure place that frees up your hands and gives you freedom of movement. Expecting a baby or raising a little one?
