

## Bandar seri begawan us develops energy storage

ASEAN regulators' involvement with energy storage lags behind renewable energy support. There are incentive programmes and support schemes for renewable energy, but not for battery energy storage systems (BESS) and other storage tech. Suryadi added that incentives are created to enable growth of renewable energy when policies and deployment targets are put in ...

This was the case when plans for the Anggerek Desa Technology Park (ADTP) was in the planning stages, which was being built in the nation's capital, Bandar Seri Begawan. The new technology center would feature an 8-storey commercial building with a neighboring multi-level car park.

BANDAR SERI BEGAWAN. Bandar Seri Begawan is a small pleasant but expensive town that lies on the banks of the Brunei River. On one side of the river there are many monolithic government buildings spread out among forests and parks. On the other side of the river is Kampung Ayer, a traditional style river-front Malay town built on stilts.
