

# Be solar energy solutions

How do I choose a solar company?

Here's a general outline of what to expect, from choosing a solar company to powering your home with solar energy. Compare quotes and sign a contract with a solar installer. Your installer conducts a site visit, either at your house or virtually. Your installer fills out and submits any required permits and documents and orders your equipment.

How can a school benefit from a solar system?

Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport. Help schools demonstrate bold energy leadership to students, staff, alumni and donors. Attract tenants, increase property value and reduce operating costs with large solar systems.

What if a solar company doesn't meet the approved criteria?

If a solar company doesn't meet the Approved criteria, they aren't allowed to join our Marketplace. Elite+installers are the most experienced, chosen, and celebrated companies on the Marketplace, having provided exceptional service to a high volume of shoppers for at least a year.

Why do you need a solar PV system?

We design and install solar PV systems to help residential and commercial properties produce clean electricity from the sun. We install safe, powerful and reliable battery systems to provide our clients with power during outages and energy independence.
