

Biden renewable energy plan

The Biden administration's most important climate action to date was signing the Inflation Reduction Act into law in August 2022, the most comprehensive climate legislation the U.S. has even seen. The law invests hundreds of billions of dollars in clean energy, electric vehicles, environmental justice and more.

WASHINGTON, D.C. -- The Biden-Harris Administration, through the U.S. Department of Energy (DOE), today announced DOE is accepting applications from all 50 states, five U.S. territories, and the District of Columbia for \$425 million in formula funding through the State Energy Program (SEP). This expanded funding provided by President Biden's Bipartisan ...

WASHINGTON, D.C. -- As part of President Biden's Investing in America agenda, the U.S. Department of Energy (DOE) today announced up to \$475 million in funding for five projects in Arizona, Kentucky, Nevada, Pennsylvania, and West Virginia to accelerate clean energy deployment on current and former mine land. This funding--made possible by the ...

Currently, nearly 40% of all carbon dioxide pollution comes from power plants burning fossil fuels to create the energy we use every day. That means we need to revolutionize how we generate and use electricity, by making renewable energy sources like wind and solar more abundant, more affordable, and more accessible to everyone.

WASHINGTON, D.C. -- As part of President Biden's Investing in America agenda, a key pillar of Bidenomics, the U.S. Department of Energy (DOE) today announced \$7 billion to launch seven Regional Clean Hydrogen Hubs (H2Hubs) across the nation and accelerate the commercial-scale deployment of low-cost, clean hydrogen--a valuable energy product that ...

Renewable Energy Development in the California Desert. Photo by Tom Brewster. WASHINGTON -- The Biden-Harris administration today announced a series of historic milestones and actions to promote responsible clean energy development on public lands and help achieve President Biden's goal of creating a carbon pollution-free power sector by 2035. ...

Thanks to President Biden's clean energy plan, the U.S. is poised to invest more than half a trillion dollars in clean energy and climate action over the next decade. ... These are just some of President Biden's and America's renewable energy advancements. With continued efforts and enthusiasm, the clean energy future is no longer just a ...

WESTBY, WI, Sept. 5, 2024 - During a visit to Wisconsin today, President Joe Biden and U.S. Department of Agriculture (USDA) Secretary Tom Vilsack will announce more than \$7.3 billion in financing for rural electric cooperatives to build clean energy for rural communities across the country through the Empowering

Biden renewable energy plan

Rural America (New ERA) program. . Together, New ERA ...

We are so thrilled to support this effort to save people money and accelerate Colorado's pathway to 100% renewable energy." Illinois Governor JB Pritzker said, "Community solar programs are essential to the expansion of renewable energy across the state of Illinois and the entire nation. That's why I'm proud to continue our state's ...

WASHINGTON, D.C. -- As part of President Biden's Investing in America agenda, the U.S. Department of Energy (DOE) today announced \$52 million for 19 selected projects, including \$10 million from the Bipartisan Infrastructure Law, to strengthen America's domestic solar supply chain, and \$30 million in funding for technologies that will help integrate solar ...

Indeed, Biden has continued backing US oil and gas production amid geopolitical and domestic difficulties related to renewable energy infrastructure and production. This issue brief outlines the hurdles Biden's energy policy has encountered and the limitations of his plan going forward. After initially getting the "red light" on his first ...

President Biden's Executive Order 14057 on catalyzing American clean energy industries and jobs through Federal sustainability and accompanying Federal Sustainability Plan (collectively referred to as "The Federal Sustainability Plan") sets out a range of ambitious goals to deliver an emissions reduction pathway consistent with President Biden's goal of reducing U.S. ...
