

Brio solar energy colorado

Does Brio energy offer energy savings?

Brio Energy conducts an energy savings home audit along with the purchase of one of its solar systems. The audit includes a smart thermostat, as well as replacement of all lights with LED lights. These LED lights come with a 5-year warranty and have a life expectancy of 20 years, which translates to huge power bill savings over time.

Are BRIO solar panels a good choice?

We had a good start with Brio. Their friendly sales rep showed us how we would save because Brio's solar panels will cost the same as our current energy usage, loan terms were low, they'll do all our permit requests, even for our HOA, and help with securing tax rebates to offset some of the expense.

Does Brio energy offer a warranty on solar panels?

All solar energy systems installed by Brio Energy include a 25-year warranty on residential solar panels from the manufacturing company. In addition to this, Brio Energy also offers a 25-year warranty on materials and labor to give homeowners confidence in their rooftop solar systems.

What is brighter solar energy?

About Brighter Solar Energy (formerly Brio Solar Energy) Brio is hyper-focused on helping homeowners and businesses save money and avoid the rising energy prices by owning their own solar power supply--creating a clean and independent energy future. Why Brio, you ask?

Can solar energy save Coloradans money?

Funding to expand solar energy and save Coloradans money. The United States Environmental Protection Agency (EPA) awarded Colorado \$156 million through its "Solar for All" competition, which was established by the federal Inflation Reduction Act of 2022.

How long does it take to implement the Colorado energy program?

This program is currently in development. The Colorado Energy Office will work as quickly as possible to implement the program and communicate progress. However, Colorado, like most states, will take a year to plan for and launch the program. Please reach out to idamae.isaac@state.co.us with any questions about the program.
