Will a battery system reduce Bronx's reliance on dirty power plants?

According to Doreen M. Harris, President and CEO of NYSEERDA, the battery system should help reduce the Bronx's reliance on dirty power plants. "NYSEERDA is proud to partner with companies like NineDot Energy that are committed to investing in energy storage projects that allow us to better integrate clean, renewable resources more efficiently.

How much money does the Bronx Megapack get?

The Bronx Megapack received \$1.2 million in funding from NYSEERDA's Retail Energy Storage Incentive Program. It also supports New York's target of achieving 6,000 MW of energy storage by 2030. Don't hesitate to contact us with news tips.

Why is Tesla building a Megapack site in the Bronx?

Together with the grid-scale battery packs, the site also features a solar canopy and infrastructure that's ready for bi-directional electric vehicle chargers. Similar to other battery storage systems that Tesla has built in the past, the Megapack site in the Bronx is designed to make the local grid more robust.
