DSG Power Systems Inc. specialized in power solutions since 1983. We offer full sales and service solutions from our 31,000 square foot facilities in Saskatoon, SK. We offer a full line of Generac® generators for all customer needs from portable generators to residential and commercial standby units. We strive to provide the best, most ...

Percy Hoff, President of DSG Power Systems, owner of the 4+ Fuel Additives brand says that in modern diesel fuel systems, the ultra-low diesel fuel and heat generated by new high-pressure fuel systems cause deposits to form inside injectors. When machinery is stored, these deposits can harden and result in non-start issues or worse... damage to the fuel injection system.
