

Edison solar reviews

Is Arcadia a good solar company?

Also, most are actually a better deal than that (100% markup is kind of extreme, and it doesn't cost \$3/W to install a 1MW solar farm). Many will do this without escalators on the price as well Community Solar is legitimate and Arcadia is a real community solar subscription provider.

Do you need a down payment for solar installation?

Usually, what the company means is that the installation itself is free, and sometimes that there will be no down payment on the solar equipment on the day of installation itself. But don't be surprised if you start getting bills for monthly down payments. The world of solar power can be far shadier than you think.

Do you get bills for monthly down payments if you go solar?

But don't be surprised if you start getting bills for monthly down payments. The world of solar power can be far shadier than you think. If you plan to go solar, watch out for sneaky solar scams, which could cost you hundreds or thousands of dollars.

Is solar installation free?

It's an intentionally misleading claim. Usually, what the company means is that the installation itself is free, and sometimes that there will be no down payment on the solar equipment on the day of installation itself. But don't be surprised if you start getting bills for monthly down payments.

Is the SCE marketplace a ploy to keep people from getting solar?

The entire concept of the SCE Marketplace seems like a ploy to keep people from actually getting solar. I'm having a similar issue. On my second contract amendment waiting to be finalized so we can move forward with the project. In the meantime, time is ticking on the loan.

Should I go solar if someone is standing in my doorway?

When someone is standing in your doorway, it can be hard to say no. Resist the urge to go solar right then and there, and do some research on your own so that you can get your solar power from someone upstanding.
