

Trafigura Group Pte Ltd. invests in long duration energy storage innovator Malta Inc. Cambridge, Massachusetts and Geneva, 13 June 2022 - Trafigura Group Pte Ltd. ("Trafigura" or the "Company"), a market leader in the global commodities industry, has invested in Malta Inc., a leading innovator of grid-scale, long-duration energy storage. . Malta's new technology collects ...

Today, the U.S. Department of Energy's (DOE) Loan Programs Office (LPO) announced a conditional commitment to Eos Energy Enterprises, Inc. (Eos) for an up to \$398.6 million loan guarantee for the construction of up to four state-of-the-art production lines to produce the "Eos Z3(TM)," a next-generation utility- and industrial-scale zinc-bromine battery energy ...

WASHINGTON, D.C. -- The Biden-Harris Administration, through the U.S. Department of Energy (DOE), today announced nearly \$350 million for emerging Long-Duration Energy Storage (LDES) demonstration projects capable of delivering electricity for 10 to 24 hours or longer to support a low-cost, reliable, carbon-free electric grid.Funded in part by President ...

WASHINGTON, D.C. -- The U.S. Department of Energy (DOE) today announced \$3.1 billion in funding from President Biden's Bipartisan Infrastructure Law to make more batteries and components in America, bolster domestic supply chains, create good-paying jobs, and help lower costs for families.The infrastructure investments will support the creation of new, ...

Define energy storage as a distinct asset category separate from generation, transmission, and ... 4 APICORP (2021), MENA Energy Investment Outlook 2021-2025. Source: APICORP Additions of low-carbon energy carriers for electricity by installed capacity in MENA (2019-2025) 0 2 4 6 8 10

Selected projects focus on increasing energy efficiency at both the technology level and facility level, helping to reduce system losses and optimize a facility's energy use. Projects include advanced membrane solutions to reduce the energy use of separations processes and the development of more efficient high-temperature heat exchangers.

EDMONTON, AB - The Government of Alberta is investing \$33.7 million in 13 projects through Emissions Reduction Alberta's (ERA) Reshaping Energy Systems funding competition. These projects, valued at approximately \$88 million in public and private investment, focus on technologies that will reduce emissions and contribute to a more flexible and ...

The U.S. Department of Energy's (DOE's) Office of Electricity (OE) today announced two new funding pathways for energy storage innovation. Grid-scale energy storage is critical to supporting a resilient and

Energy storage investment announcement

secure electricity grid that can more efficiently transmit clean energy in the United States.

With this important investment and the dedicated team behind Highview Power, we are looking to support the UK's first commercial-scale liquid air energy storage facility and play a positive role in the UK's energy transition. Our investment aligns with our commitment to advance green energy, bolster global renewable energy production, and ...

WASHINGTON, D.C. -- In support of the Biden-Harris Administration's Investing in America agenda, today the U.S. Department of Energy (DOE) announced nearly \$2 billion for 38 projects that will protect the U.S. power grid against growing threats of extreme weather, lower costs for communities, and increase grid capacity to meet load growth ...

WASHINGTON, D.C. -- As part of President Biden's Investing in America agenda, the U.S. Department of Energy (DOE) today announced \$750 million for 52 projects across 24 states to dramatically reduce the cost of clean hydrogen and reinforce America's global leadership in the growing clean hydrogen industry. These projects--funded by the President's ...

With the battery energy storage system, Ørsted is investing in a grid-balancing technology which is a natural add-on to its offshore wind power generation business and will provide complementary services and revenue profile while supporting the continued build-out of the UK's renewable energy infrastructure. Its favourable position within ...

Commenting about the announcement of the UK gigafactory, UK Prime Minister, Rishi Sunak, said: "Tata group's decision to build their new gigafactory here in the UK - their first outside of India - is a huge vote of confidence in Britain. This will be one of the largest ever investments in the UK automotive sector. It will not only create thousands of skilled jobs for ...

WASHINGTON, June 26, 2024 - U.S. Department of Agriculture (USDA) Secretary Tom Vilsack today announced that USDA is partnering with rural Americans on hundreds of clean energy projects to lower energy bills, expand access to clean energy and create jobs for U.S. farmers, ranchers and agricultural producers. Many of the projects are funded by President Biden's ...

This investment is part of DOE's Energy Storage Grand Challenge and will be critical to achieving the department-wide Long Duration Storage Shot goal of reducing the cost of grid-scale energy storage by 90% within the decade. The Office of Energy Efficiency and Renewable Energy's Advanced Manufacturing Office (AMO) will fund, support, and ...

Investment commitments of more than Rs 2,000 crore are expected to be announced in energy storage, electric vehicle and green hydrogen sectors at the India Energy Storage Week 2024 in July, the India Energy Storage Alliance (IESA) said on Wednesday. ... Bharat Cell by Khusmanda Power also announced its entrance to

Energy storage investment announcement
