Who makes Generac generators?

Founded in 1959, Generac was the first to engineer affordable home standby generators and is now the No. 1 manufacturer of home backup generators. Generac manufactures the widest range of power products in the marketplace, including portable, residential, commercial and industrial generators.

What is a Generac standby generator?

Durable Design. Our RhinoCoat powder-coated finish helps make corrosion-resistant aluminum perfect for all weather conditions. Generac Standby Generators run on natural gas or liquid propane (LP) fuel. A home backup generator delivers power directly to your home's electrical system, backing up your entire home or just the most essential items

What is a Generac battery generator?

Generac battery generators are a new and innovative option for backup power. They use a bank of batteries to store energy and are ideal for camping trips, tailgate parties, or the jobsite since they are lightweight and easy to use. Visit The Home Depot today to learn more about Generac generators and find the perfect fit for your home.

How much does a Generac Generator cost?

I went through Costco to get a quote for a whole home Generac Generator. They recommended a 24kw generator. On the Generac website, this goes for about \$6600. They wanted a total of \$15,000. For the whole job including the generator. \$8400. Seems like a lot of money for the installation. Is this the norm? (I live in WI)

Does Generac offer a 5 year warranty?

We're here to help 24 hours a day, 365 days a year. Buy with peace of mind and satisfaction with our 5 year limited warranty. Generac 22,000-Watt Guardian Series (22 kW) home standby generator is the largest air-cooled home standby generator on the market.

What types of generators does Generac offer?

Generac offers a wide range of models to choose from, from portable generators to whole-house generators and solar generators, you can find the perfect solution for your needs. Generac whole-house generators are a popular choice. They are permanently installed outside your home and automatically turn on when the power goes out.
