

# Goal zero home energy storage

What is Goal Zero's Yeti home battery backup (home energy storage)?

Sign up for emails on deals, sales, and promotions. Goal Zero's Yeti Home Battery Backup (Home Energy Storage) is made of a portable power station, an integration kit to connect to your breaker panel, and optional expansion batteries.

Does Goal Zero have a home battery system?

It's from Goal Zero, which has been making many versions of the portable power station for a long time. The setup, called the Haven home battery system, pairs the company's Yeti Pro 4-kilowatt-hour power station with a transfer switch that allows it to back up as many as 10 circuits in your home.

How much does a goal zero home backup system cost?

Goal Zero's Haven system only needs a couple hours of an electrician's time to install. Goal Zero's Haven home backup system allows you to choose which circuits in your home will be supported if the power goes out. Home battery backup systems can be a huge help when the power goes out. But they're expensive. Like \$10,000 or more.

What is a goal zero power station?
