

Grid solutions france

What services does grid solutions offer?

The Company offers transformers, circuit breakers, voltage regulators, capacitors, reactors, panels, control tools, software, and switches, as well as automation, energy management, installation, engineering, and training services. Grid Solutions serves energy, mining, and oil industries worldwide.

What SF 6 -free products does grid solutions offer?

At the core of the GRiDEA portfolio are high-voltage SF 6 -free products, including g 3, one of the company's alternative technologies to SF 6, allowing for a 99% CO 2 equivalent reduction of the gas contribution to global warming compared to traditional SF 6 equipment. Grid Solutions offers a wide range of SF 6 -free switchgear up to 420 kV.

Does grid solutions offer SF 6 -free switchgear?

Grid Solutions offers a wide range of SF 6 -free switchgear up to 420 kV. In addition, the GRiDEA portfolio has been enhanced with another gaseous SF 6 -free technology for live tank circuit breakers, which allows the switchgear to operate in extremely low temperature environments. A Commitment to Sustainable Practices
