

Lebanon energy storage exhibition 2025 pavilion

Apropos Architects: The architecture of the Czech pavilion for the World Expo 2025 in Osaka, Japan, is a sophisticated instrument for achieving a higher form of viability. The dynamic spiral movement upwards is an allegory of the ideal life path. The sculpted form of the pavilion makes movement an essential tool for maintaining physical vitality.

Project Lebanon, the 26th International Trade Exhibition for Construction, Infrastructure, and Renewable Energy, will take place from 6 - 9 May 2025, at the Seaside Arena, Beirut New Waterfront. This premier event offers a dynamic platform for exhibitors and visitors alike to engage in networking, matchmaking, and gaining industry insights.

Energy and climate-related policies have been accelerated by both state and federal governments, and for many companies the time feels right to invest in energy storage. This event gathers together investors, developers, IPPs, grid operators, policymakers, utilities, energy buyers, service providers, consultancies and technology providers under one roof.
