How much does solar cost in Miami FL?

The average price per watt of solar power in Miami, FL is \$2.42/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$25,868 for a 15.26 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Should you hire a solar installer?

Solar is a growing industry that attracts contractors from many backgrounds--sometimes only loosely related to solar. But to feel confident in your solar panels, you'll want to work with an installer that has plenty of experience in custom designing systems.

How do I choose a solar company?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. Not everyone has thousands of dollars to spend on a solar panel installation.

What makes a good solar installer?

Availability(10%): The bigger the service area, the higher the company will score. Transparency and accessibility (5%): Solar installers that offer free consultations and easy contact methods score higher in this category.
