Is Lumin PDF free?

Lumin PDF's free version is amazing! Lumin PDF's free version is very useful! I can edit and manipulate PDF files daily. The platform has become a key tool in my daily activities. The desktop app is user-friendly and I can use it both for work and personal topics. Date of experience: March 21, 2024 Fantastic feedback Sergio!

Should I buy Lumin PDF?

So, if you have the budget for Lumin, definitely invest in it. There is a free version, so don't worry! Hi Trace! Thank you for your amazing feedback. This gives us the drive to keep improving and provide the best service that we can give. Is Lumin PDF the right PDF solution for you?

How do I contact luminpdf if I need support?

Let us know if you need support or have any questions by contacting us at hello@luminpdf.com. Unfortunately, it is very difficult to modify a PDF file and adjust it as desired. And that many files are opened during work and it becomes more difficult and I can't make the desired modification on the first page.

Do you use Lumin's free online tools to edit PDF documents?

I have occasionally used Lumin's free online tools to edit PDF documents (e.g., fill in a non-fillable PDF form). The Lumin tools are easy to master, and produce documents with a clean, professional look (especially important for someone with muddled handwriting like me ;-). Date of experience: February 21, 2024 Hey John, thanks for the review!

Can I modify a PDF file using Lumin?

Hi Abdul, thanks for placing this review! It's great to hear how you're getting the hang using Lumin. Let us know if you need support or have any questions by contacting us at hello@luminpdf.com. Unfortunately, it is very difficult to modify a PDF file and adjust it as desired.

Lumin PDF is great!! Lumin PDF is a software that lets me easily edit PDFs (add that, images, draw, etc.). It is also easily accessible through Google Drive, which I often use for work. Overall, Lumin PDF is a great software, and much, much easier to use than others I've tried to edit and manipulate my PDF's, for example photo-editing applications.
