

# Maryland suing solar panel companies for damages

Can I sue a solar company for misrepresentation?

If so, you may be able to sue them for misrepresentation or fraud. This can include exaggerating the energy savings or making false promises about system performance. In some cases, the installation of a solar system can cause damage to your property.

Can I sue a solar company?

If your solar company fails to properly install the system or causes damage during the installation process, you may be able to take legal action to seek compensation for repairs or other damages. If you find yourself in a situation where you believe suing your solar company is necessary, there are a few key steps you'll need to take:

Why are solar companies misrepresented?

Misrepresentations have spurred the ire of state AGs when solar companies exaggerate their systems' potential to save consumers money, despite financing that may end up costing the consumer more. Why do people sue residential solar companies?

People sue residential solar companies over many things, like issues with their contracts, problems with installation, false advertising, or unfair business practices. The Campaign for Accountability (CFA) and the Consumers Union have raised concerns about residential solar companies with the Federal Trade Commission.

What happens if a solar company is liable?

Here are a few potential outcomes: If the court determines that your solar company is indeed liable for the issues you've experienced, they may award you compensation to cover the costs of any damages you've incurred. This can include repair costs, property damage, and any financial losses resulting from the solar installation.

How do I file a lawsuit against a solar energy company?

This can include documents such as your solar energy contract, photographs of any damage, correspondence with the solar company, and any other relevant information. While you may be able to handle a small claim on your own, it's generally advisable to hire a lawyer who specializes in solar energy litigation.
