

Oem evlo energy storage

Who is evlo energy storage?

EVLO is a full storage system service provider offering customized battery energy storage systems, control software, installation, inspection and management, and an end-of-life battery recycling program. EVLO's energy storage product line ranges from compact, rack-mounted commercial systems to large, containerized utility-scale systems.

When will evlo deliver a storage system?

The various storage system components will be delivered in fall 2021 and the system is expected to be in service by spring 2022. As part of the project, EVLO will also provide its advanced software solution, which can be used to carry out the operating and storage system management activities remotely.

What makes evlogix a great energy management software & infrastructure topology?

Our EVLOGIX energy management software and infrastructure topology features industry-leading cybersecurity protections. Our team's deep knowledge of lithium iron phosphate (LFP) chemistry and fully integrated approach to BESS development and testing delivers superior performance & safety.

Advanced modelling and testing holds the key to safer, more efficient, and reliable energy storage solutions that can meet the massive demand of today's market. Read on for an overview of what advanced modelling and testing entails and how EVLO is leading the way with our innovative and multi-faceted approach.

The energy storage system integration arm of Canadian utility Hydro-Québec, EVLO, will deploy 300MWh of battery energy storage systems (BESS) in Virginia, US. EVLO Energy Storage Inc will provide its EVLOFLEX grid-scale BESS product for three separate projects for unnamed customers in the US state, set to enter commercial operation in 2025 and ...

EVLO Energy Storage Inc. (EVLO) is a fully integrated battery energy storage systems and solutions provider and subsidiary of Hydro-Québec - North America's largest renewable energy producer. EVLO's utility-scale systems, control software, commissioning, monitoring, and system management services deliver superior performance, safety, and ...

October 5, 2023 -- VARENNES -- EVLO Energy Storage Inc. (EVLO), a fully integrated battery energy storage system provider and wholly owned subsidiary of Hydro-Québec, is pleased to announce the signing of an equipment supply agreement with SolarBank Corporation (CSE: SUNN) (OTC: SUUNF) (FSE: GY2) (SolarBank), an independent renewable energy ...

The 600+ residents of Parent, and the many visitors to the community rely on a single transmission line for power - which needed critical upgrades in 2021. To complete these improvements while supplying uninterrupted electricity to Parent residents and most businesses, EVLO deployed a 4-MW / 20-MWh battery
