

Origin energy solar contact

Who is Origin Energy?

Origin Energy is Australia's largest power retailer, serving millions of electricity, gas, and LPG customers across the country. They provide a complete solar solution for residential consumers, including solar panel purchase and installation, inverters, batteries, and plans, as well as solar feed-in tariffs.

Does origin offer a solar energy deal?

Origin also has a range of electricity deals, including a few specialised solar products, to help customers get the most out of their panels. Most Origin electricity plans include a feed-in tariff, but these offers are specifically designed for solar customers and include the retailer's highest rates for exporting energy to the grid.

What is the Origin Energy phone number?

Sign Up or Switch to Origin Energy Today! As mentioned above, the general Origin Energy contact number for electricity and natural gas sales & service is 13 24 61. Apart from the main phone number, there are specific Origin Energy phone numbers you can call depending on your needs.

Who is origin solar?

In addition to retailing electricity and generating it in mostly coal and gas power stations, Origin is a large installer of rooftop solar systems. As of writing, SolarQuotes has received over 400 reviews for Origin Solar and they have received an average rating of 4.0. Their reviews have been exceptionally consistent.

Is origin a good solar company?

As Australia's biggest integrated energy company, Origin is well-placed to help you at any stage of your solar journey. But getting the best solar deal from Origin requires some commitment on your part, so you'll need to think carefully before making any big, long-term decisions.

Can I buy a solar PV system with Origin Energy?

If you already have a solar PV system, you're eligible for the Origin Energy Solar Boost Plan which offers a higher solar feed-in tariff than Origin's standard FiT. If you want to purchase solar panels, you can purchase a solar PV system with Origin Energy, and get the highest Origin solar feed-in tariff possible with Origin Solar Boost Plus.
