What is Sakaka solar project?

Sakaka solar project is the first utility-scale renewable energy project developed under the National Renewable Energy Programme of Saudi Arabia (NREP).

Who owns Sakaka solar PV Park?

The project was developed by Acwa Power. Acwa Power Renewable Energy Holding and Al Gihaz Holding are currently owning the project having ownership stake of 70% and 30% respectively. Sakaka Solar PV Park is a ground-mounted solar project which is spread over an area of 6 km<sup>2</sup>.

Who owns Sakaka solar energy company (SSEC)?

Sakaka Solar Energy Company (SSEC), a joint venture between ACWA Power (70%) and Al Gihaz Renewable Energy (30%), is the owner and developer of the project. ACWA Power is co-owned by Public Investment Fund of Saudi Arabia (PIF), which increased its stake in the company from 33.36% to 50% in November 2020.

What is Sakaka IPP solar project?

The 300 MW Sakaka IPP photovoltaic (PV) solar project is the first ever utility scale renewable energy project under the National Renewable Energy Program of Saudi Arabia. The Renewable Energy Projects Development Office (REPDO) awarded ACWA Power the contract at a world record-breaking tariff of US Cents 2.3417/kWh (8.781 halalas/kWh).

How does Sakaka solar power plant work?

Using state-of-the-art photovoltaic technology, the Plant generates electricity from the sun's rays and is made up of over 1.2 million solar panels arranged across 6 km<sup>2</sup> of land. The Sakaka Solar Power Plant is also setting records in the solar industry. It has achieved a levelized cost of energy, coming in at just \$0.023 per kWh.

SAKAKA Solar Energy is Saudi Arabia's first utility scale renewable energy project. Al Gihaz Holding is proud to be an investor in Sakaka PV IPP with ACWA Power and, to have participated in its construction through Al Gihaz Contracting. The innovative plant will power 45,000 households and contribute to offsetting 500 thousand tons of carbon ...

The inauguration of Sakaka PV IPP marks a pivotal moment in the continued energy diversification and development plans of Saudi Arabia. The project was awarded to an ACWA Power led consortium at a world record tariff, at the time, of 8.781 halalas/kWh in 2018, which has paved the way for subsequent projects of the National Renewable Energy Program (NREP) to ...

The company owns a 70% stake in the Sakaka Solar Energy Company (SSEC). The remaining 30% is owned by contractor and investor Al Gihaz Holding, which played a key role in the investment, engineering and

procurement as well as the project's construction.

A new company "Sakaka Solar Energy Company (SSEC)" has been formed with ACWA Power holding 70% and AlGihaz 30% through its subsidiary AlGihaz Renewable Energy Company to own the Sakaka PV Plant. SSEC has concluded a 25 years Power Purchase Agreement with Saudi Power Procurement Company (SPPC) acting as offtaker.

The two companies have formed a new company Sakaka Solar Energy Company (SSEC), in which ACWA will hold 70% stake and AlGihaz will own 30%, to own the solar plant. The new company has signed a 25 year power purchase agreement with Saudi Power Procurement Company (SPPC) acting as offtaker. The transaction was financed through ...

Sakaka Solar PV Park is a ground-mounted solar project which is spread over an area of 6 km<sup>2</sup>. The project generates 940,000MWh electricity and supplies enough clean energy to power 75,000 households, offsetting 430,000t of carbon dioxide emissions (CO<sub>2</sub>) a year.

Under the patronage of Prince Mohammed bin Salman bin Abdulaziz, Crown Prince and Chairman of the Supreme Committee for Energy Mix Affairs, Saudi Energy Minister Prince Abdulaziz bin Salman inaugurated on Thursday the Sakaka solar power plant project with a production capacity of 300 MW. The launching ceremony saw the signing of seven new solar ...

ACWA Power and AlGihaz Holding Company have achieved a financial closure for the SAR1.2bn (\$319m) utility-scale renewable photovoltaic (PV) energy project, Sakaka PV IPP. The 300MW Sakaka PV IPP in Saudi Arabia is being developed under the National Renewable Energy Programme executed by Renewable Energy Project Development Office (REPDO).

The ownership structure of project company Sakaka Solar Energy Company is: ACWA Power - 70%; AlGihaz - 30%; The project's EPC contract was awarded to a consortium of Mahindra Susten and Chint. An O & M contract was signed with Daa Sakaka Operation and Maintenance Company - a subsidiary of NOMAC which is in turn fully owned by ACWA Power.

Sakaka Solar Power Plant or Sakaka PV Power Plant is the first utility-scale renewable photovoltaic energy plant in the Kingdom of Saudi Arabia. The Custodian of the Two Holy Mosques, King Salman Bin Abdulaziz Al Saud, laid its foundation stone in 2018. The project was launched in 2021 under the patronage of Crown Prince, Prime Minister, Chairman of the ...

Inaugurated in 2021, the Sakaka Solar Power Plant in Al Jouf is the first of its kind under the Custodian of the Two Holy Mosques Renewable Energy Initiative, led by the Ministry of Energy. Using state-of-the-art photovoltaic technology, the Plant generates electricity from the sun's rays and is made up of over 1.2 million solar panels arranged ...
