

Solar companies in denver co

Should you get a solar loan in Denver?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Denver, rather than a leasing company retaining them.

Who are the best solar installers in Denver CO?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Denver, CO are Solar Wave, Solar Power Pros, Solar Side Up, Photon Brothers, and Excited Energy. How many solar companies are in Denver, CO?

How do I choose a solar panel company in Denver?

First contact several companies that install solar panels in Denver. While researching the companies, look at: Customer service ratings: Look at third-party ratings websites, such as TrustPilot and Yelp. The companies should have a few dozen reviews or more with a relatively high customer-satisfaction score.

What are the best Solar Lease companies in Denver?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in Denver.

How much does solar cost in Denver CO?

The average price per watt of solar power in Denver, CO is \$3.07/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$17,884 for a 8.31 kW system. Many states even offer local rebates and incentives that lower the price further--sometimes by thousands of dollars.

Should you go solar in Denver?

Solar energy offers a renewable, eco-friendly and cost-effective way to power your property. If you're from the Denver metro area and are considering going solar, it's important to do your research beforehand and understand basic costs for solar in your area. You'll also need to choose from the best solar companies in Denver that fit your needs.

Take plenty of sunshine across the Front Range and a plan to secure long-term, low-cost power and you get the perfect recipe for solar savings. Colorado State Senator Matt Jones said it well, "the price of wind and solar has dropped like a rock," which means we're moving toward greater utility savings in Denver solar.
