How do I choose a Santa Rosa solar company?

Seek out Santa Rosa solar companies that have a minimum of 3.5 out of 5 stars in customer ratings on Google Reviews and other review platforms. The company should also have a good rating on Better Business Bureau (BBB). You should look through past customer reviews to gain insight into other homeowners' thoughts about the company.

Should you install solar panels in Santa Rosa?

Santa Rosa residents have the opportunity to take advantage of many benefits when they install solar panels, as there are tons of the best solar companies in the nation in the area, providing outstanding value for generating renewable energy.

Who is Suntegrity Solar in Santa Rosa?

Suntegrity Solar Santa Rosa is locally owned and operated by a father and son team with engineering degrees. They hold construction class B, C-10 and C-46 licenses and are full-service solar installers. All installations are done by their highly trained team- no outsourcing.

How much does solar cost in Santa Rosa?

The average price of solar is about \$2.14 to \$3.22 per watt in Santa Rosa, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
