Specifically designed by for cellular trail cameras by Herd 360. 10w carbon fiber solar panel with 25,000mah lithium battery pack. Photos may show items such as cameras and T-Post mounts are not included in the package. Please note that this is a solar power pack. It is not designed to charge and external battery. The

The AC50S can be recharged via solar power - we recommend the Bluetti PV120 solar panel for this job - it's expensive, but will charge the AC50S up in around 4 hours of full sunlight by supplying 120W to the power pack. This is the real strength of camping power packs - being able to naturally recharge them using the sun's rays and ...

The sun powers our world, and with the right portable solar panel, it can also power your outdoor adventures or home emergency set up. I've tested dozens of models from top brands like Bluetti, Jackery, Anker, Goal Zero, EcoFlow, and BioLite, and have come away impressed with their power generation potential.
