The main purpose of a solar-powered driveway alert system is to keep you and your loved ones safe and protect your assets from burglars, day or night. These driveway alarm types are eco-friendly, energy-efficient, and economical, as it uses sunlight as its free source of energy helping you to save on your power bills.

While YoLink's not as powerful as Dakota Alert, we think it's more than capable for most properties. Unfortunately, there's no battery backup in the hub like with Guardline, so the system won't work when the power goes out. Overall, we think YoLink is an excellent option for folks wanting smartphone driveway alerts. Despite the convenience of ...
