Sunrun Inc. is an American provider of photovoltaic systems and battery energy storage products, primarily for residential customers. The company was established in 2007 and is headquartered in San Francisco, California. Since its inception, the company has focused primarily on a power purchase agreement (PPA) business model where Sunrun installs and maintains a solar ...

Sun Run is a wonderful example." -- Viola U., Jan. 15, 2023, on BBB "Last year before the installation, I was told by [a] Sunrun sales representative that there was a shortage of solar panels. After Sunrun had found the panels, there was a change order and the final price decreased around \$1[,]400.
