

Solo energy

SOLO proudly provides solutions and services to meet the needs of your company and employees. We conceive services holistically and design them to reduce energy costs. We also manage consumption and provide immediate savings with sustainable benefits for your employees and community.

Asavie, a leader in secure Enterprise Mobility and IoT Connectivity, today announced that Solo Energy a new "energy-storage-as-a-service" utility business is leveraging Asavie IoT Connect to connect its FlexiGrid, cloud-based platform to a distributed network of battery storage units.

The disruptive business model of Solo Energy, which SMS acquired in September 2019, includes the offer of battery storage, microgeneration, and electric vehicle (EV) charger installations at no-upfront cost to homes and businesses, with its goal to lower energy bills for consumers and help make the transition to renewables through establishing a...
