

Sunrun solar power purchase agreement

Does Sunrun offer a PPA contract?

Sunrun has a PPA product option that will allow you to purchase solar energy at a low, predictable rate without having to worry about the maintenance or performance of your solar panels. At the end of the PPA contract, the homeowner can extend the contract or buy the solar system from the solar company.

Does Sunrun offer a solar lease?

Sunrun offers monthly solar leases, full leases (a power purchase agreement), purchases with financing and full purchases. There are multiple ways to pay for a Sunrun system, with eligible customers able to go solar for \$0 down. The monthly solar lease option is the customer favorite, according to Sunrun.

Does Sunrun offer solar services beyond a power purchase agreement?

Sunrun, a leading provider of solar energy solutions, offers a comprehensive range of solar services beyond their renowned Power Purchase Agreement (PPA) contract. These additional offerings cater to diverse needs and preferences, providing homeowners with a wide array of options to embrace clean and renewable energy effectively.

Is Sunrun a good solar company?

Sunrun is one of the largest solar installation companies in the country, with partnerships like Comcast, Major League Baseball, and Costco. The company primarily offers solar leases and power purchase agreements (PPAs), though cash purchase and solar loan options also exist.

What is a Sunrun lease & PPA?

When you sign a Sunrun lease or PPA, you're giving the company permission to install solar panels on your home. Even though the panels are on your roof, you don't own them. You agree to pay the owner (Sunrun) monthly for the electricity the panels generate.

How does a solar power purchase agreement work?

A solar Power Purchase Agreement (PPA) works by allowing a solar energy company like Sunrun to install solar panels on a property at no upfront cost to the homeowner. The homeowner then agrees to purchase the electricity generated by the solar panels at a fixed rate for a specified contract period, typically 20 to 25 years.

What is a solar power purchase agreement? A solar PPA is a type of solar financing agreement. With a PPA, a homeowner does not have to pay for the upfront costs of a solar system. Instead, they enter a contract with a third-party owner or solar developer who will take care of the design, permitting, and installation of their solar panel system.
