

# Tesla solar panels

Solar Roof | Tesla. Install Solar Roof and power your home with a fully integrated solar and energy storage system. The glass solar tiles and steel roofing tiles look great up close and from the street, complementing your home's natural styling. Schedule a virtual consultation with a Tesla Advisor to learn more.

Since acquiring SolarCity in 2016, Tesla has expanded its electric vehicle empire to include the Powerwall solar battery, the Solar Roof, and traditional solar panels. Tesla's solar panels are nice to look at and come at an affordable price.

Generate your own clean energy whenever the sun is shining with Tesla solar panels. Tesla uses solar panels that offer a sleek and modern take on traditional panels. With our proprietary mounting hardware, panels can be installed close to your roof without the need for rails, so they blend in with your roofline.
