

## Will a solar company replace my roof

We have you covered. Your Sunrun contract includes a roof warranty which protects your roof from leaks or holes. Not all solar companies offer a comprehensive warranty like Sunrun! Peace Of Mind For Years To Come When You Go Solar with Sunrun. We hope this information helps you on your way to a smart home.

One bit of good news is that most of these options can work with solar panels, which are lightweight and easily attachable to most types of roofs. Slate is the one major roofing material that is not recommended for use with solar, since slate is relatively brittle and can easily crack and cause roof leaks if solar panels are mounted .

Roof inspection - Inspectors will thoroughly inspect your roof to ensure it will last at least as long as your new solar power system: 25+ years. That includes examining: Beams, joists, trusses, and decking; Old, missing, split, and warped shingles; Leaks; Roofing material layers; Valley and hip installation; Flashing and counter flashing ...
