Zhongli is played as burst support with Homa & high crits. Good to complete the rotation when waiting Yoimiya's E imo. ER = 144% (which is way higher than KQM recommendations so didn't pay much attention) I've noticed that Zhongli energy generation is pretty slow and tied to his pillar, and got into a problem :

Guide for Zhongli physical dps build, shield bot, and burst support in genshin impact with recommended weapon and artifacts. Also covering Zhongli talents ... Planet Befall have pretty fast cooldown and low energy cost, only 40. Planet befall DMG will also get increased DMG by 33% of Zhongli Max HP thanks to passive talent: Dominance of Earth.
